# We are dedicated to bringing you the most exciting Funsports

Funsports are exciting sport games which are creating a whole new category in sports retail. Unlike most traditional sports, Funsports enable people to socialize and be active when and where they want, because they don't need a field or track. Funsports can be played by anyone, anytime and anywhere. They fit perfectly with the changing way we play sports and are undergoing a huge growth in popularity in Europe.

## We are the Home of Funsports

We distribute only the leading Funsports brands, including Spikeball, KanJam, CROSSNET, You.Fo, Aerobie and KickIt. This means no poor-quality copycats, only original brands that deliver high quality. From our warehouse in Apeldoorn (the Netherlands).

we supply resellers and retailers across 27 countries in Europe. The huge growth that we have so far enjoyed at Brookline underlines the changing consumer needs that we have responded to in our capacity as the Home of Funsports.

*"We do everything in our power to provide you with great service."*

As a retailer you can easily expand by adding this rapidly growing category to your product range. The popularity of Funsports combined with the marketing support offered by Brookline means a lot of traffic and fast turnover.

### More than just distribution

We have a great deal of experience in retail environments. Our supply reliability is exceptionally high, we have an excellent supply chain and warehousing structure, and we do everything in our power to provide you with great service. This includes helping position products and providing marketing materials to optimise sell-through. Through (social) media exposure, we inspire and stimulate people to become active, healthy and social by playing Funsports. We grow the Funsports community and lead them towards you.

### Bas ten Hove

Director

### Doing business with Brookline means:

- **Fun:** it's fun doing business with us
- **Passion:** we love Funsports: it's what we do
- **Quality:** only the best products: no poor-quality copycats
- **Service:** our business relies on serving you the best way we can
- **Trustworthy:** we say what we do and do what we say
- **Transparent:** clear and direct
- **Communication:** what you see is what you get
- **Grit:** we don't stop until you're happy

## Meet our team

At Brookline, we have an entire team dedicated to keeping everything running smoothly behind the scenes, in addition to several international sales agents operating in Europe.

Each and every one of us is an enthusiast with a passion for Funsports and we look forward working with you! Please feel free to contact us if you need any further information.

# Spikeball, the original and #1 roundnet brand.

Roundnet is on the brink of getting Europe moving. It's set to be the next great global sport, of that we can be sure. And you can be part of it!

## What is Spikeball?

Spikeball is the company responsible for reviving the sport of Roundnet in recent years. It is the world's number one Roundnet brand and offers high quality products with a lifetime warranty. Spikeball has sold 5 million sets so far. In 2021, the company's European retail sales increased by 700%. To give you an even clearer picture, Spikeball has more than 5 million players worldwide, is already broadcast on ESPN and counts 33 official national associations worldwide.

## How to play

Roundnet is played by four players in teams of two around the Roundnet set in the center. Once the ball is served onto the net,

the other pair have up to three touches to hit it back onto the net. There are no boundaries — it's a 360° game. The winner is the first team to reach 21 points!

*"A team wins a point once the other team is unable to return the ball legally onto the net."*

## It is so much fun!

Roundnet makes sporting activities accessible and fun. Once you've discovered it, you'll be hooked! The great thing about it is that anyone can play, whether you're a rookie or a pro. It has a limited number of ground rules, which means it's easy to learn.

In schools, it is a popular game during PE lessons. Elite athletes use Spikeball to

# Spikeball™

finetune their skills or boost their reflexes. It can be played in the park, in the street, in the forest, and even in the swimming pool!

## What makes Spikeball Unique?

Spikeball sets are made from premium materials and designed to last. Being the originator of Roundnet means the company has had years to improve their kit to provide the best experience. Spikeball actively market the sport of Roundnet and grow participation. Every year they teach the game to 20.000+ students in partnership with elementary PE teachers. The Spikeball App helps players find local pick-up games and tournaments. And

*Spikeball has more than 5 million players worldwide*

**Spikeball is played or seen at:**

on the competitive side, in 2022 they will host both a U.S. National Championship and a World Championship in Belgium together with the International Roundnet Federation.

## Are you curious and excited?

Then please contact us for more information:

+31 (0)55 30 303 980. We will be happy to help you get Spikeball into your store and empower you to sell. Orders can be placed directly at:

# CROSSNET

Game-changer CROSSNET re-invents volleyball and footvolley. It is the number one fastest growing backyard game in the United States and is now also available in Europe! Make sure your customers can get their hands on this thrilling game at your store.

## What is CROSSNET?

The Miami-based CROSSNET brand was created by three American childhood friends and is, literally, game-changing as it's the World's first four square volleyball and soccer game. CROSSNET is sold in over 3,000 locations throughout the United States and is used in over 8,000 schools.

## How to play

The game requires at least four players, so one player per quadrant. You can add an endless number of players – just have them lined up outside square one so they can step in when someone is eliminated. The rules are simple. One hit per

person, or three if you're playing in teams. Don't let the ball land in your square or you're out. The winner is the first player to reach eleven points with a two-point lead.

*“The goal is to ‘take out’ your opponents by hitting the ground in their square.”*

## A game for all ages

CROSSNET is the perfect blend of fun and competitive, of simple and demanding. On top of that, it's easy to assemble, and you can literally take it anywhere with you. Thanks to its simple rules and competitive nature, it's played by top athletes as well as families and friends.

### What makes CROSSNET unique?

CROSSNET is the only height-adjustable four-way volleyball net making it easy to transition from regulation men's, women's, and children's height in a flash. The parts are all made of durable, lightweight material that doesn't bend, break, or tear. In Europe, where soccer is by far the biggest sport, it is expected to be a particularly popular variant of the game. The future is bright for CROSSNET, and based on current reviews and customer opinions, it will remain at the top for years to come.

### Are you curious and excited?

Then please contact us for more information:

+31 (0)55 30 303 980. We will be happy to help you get CROSSNET into your store and empower you to sell. Orders can be placed directly at:

[orders@brookline.nl](mailto:orders@brookline.nl)

MOQ	2 St.
RRP	€ 149,95

# KanJam

KanJam isn't just popular in America, where it originated. This great game is now played all over the world and is getting more popular every day. And there's a good reason for that!

## What is KanJam?

You know that game where people throw discs at what appears to be a black trash can? That's KanJam, and it's awesome! The game was created in the 1980s by Charles Sciandra and Paul Swisher—two friends from Buffalo who enjoyed the simple thrill of throwing discs into banged-up metal garbage cans. : KanJam is now played in all 50 states, across Canada, Europe, the Caribbean, Australia, New Zealand and in many other countries around the world.

## How to play

KanJam is played in two teams of two, with partners on the opposite end of the playing field.

*“Players throw the disc at the opposite Kan, where their teammate will attempt to deflect the disc at or into the Kan.”*

The deflector has one chance to tip the disc. The tip can be made with either or both hands, and can occur anywhere, even in front of the Kan if the throw is short. The deflector may not carry (grab and throw) or double touch the disc. The winner will be the first team to reach exactly 21 points.

# KANJAM®

## A game for everyone

KanJam can be played by anyone, from elite athletes to absolute beginners, from young to old. It's easy to learn and never stops being fun. There are also variations of the original game, including KanJam Mini, KanJam Splash and KanJam Illuminate. These are designed to be played indoors, on table tops, in water and at night!

## What makes KanJam unique?

From the humble beginnings of "Garbage Can Frisbee", KanJam has become one of the more popular unique games out there. KanJam is lightweight, easy to set up, and comprised of the most durable materials available. It has been one of the hottest summer games for the past few years, and it looks like this summer will be no different.

## Are you curious and excited?

Then please contact us for more information:

+31 (0)55 30 303 980. We will be happy to help you get KanJam into your store and empower you to sell. Orders can be placed directly at:

# YOU.FO

You.Fo is a versatile and safe distance sports and leisure game that is 'easy to play, fun to master'. Already played in 15+ countries in 4 different continents, we truly believe that You.Fo can break barriers across the globe between traditional sport structures, leisure play and sustainable healthy lifestyles.

## What is You.Fo?

You.Fo is an award-winning sports and leisure game from Amsterdam, based on throwing and catching an aerodynamic ring with specially designed sticks. You.Fo was conceived back in 2011 by Bas Ruysenaars of the Netherlands who, as a teenager, had been inspired by sports such as football, Jai Alai and Frisbee.

## How to play

Make 2 equal squares. Each player tries to score by grounding the ring in the opponent's square. Change turns when the ring is caught or when the ring lands outside of the opponent's square.

The ring must be thrown above shoulder level and the first player to have 11 points wins.

*"A point is scored when a player successfully catches the ring in the opponents scoring zone."*

## Many ways to play

It can be played freestyle in parks, on beaches or on city squares. But, it can also be played as a team game (3vs3 / 4vs4 / 5vs5) on existing sports fields or even indoors in a gym. The official competition game YOU.FO Zone is mixed-gender, non-contact and self-regulated - you also continue playing at all times. It is "easy to play, fun to master".

### **What makes You.Fo Unique?**

You.Fo is recognized for its innovative character. The sports game has won the Profit European Award for Innovation, the Dutch National Innovation Award and was a Finalist at the ISPO Brand New Award. You.Fo has an online platform (You. Fo World), including instruction videos, tips&tricks, lesson plans, and more.

### **Are you curious and excited?**

Then please contact us for more information:

+31 (0)55 30 303 980. We will be happy to help you get You.Fo into your store and empower you to sell.

Orders can be placed directly at:

[orders@brookline.nl](mailto:orders@brookline.nl)

# KickIt

Football and tennis are among the most popular sports in the world. Imagine a combination of these two sports and then you get Kickit. World's first highly portable and easy to set up Football Tennis game for all ages and skill levels. This epic game is built by football players for all football enthusiasts and can be played by anyone from beginner to professional. LET'S KICKIT!

## What is Kickit?

It is a football inspired sport based off of an ancient game. In Football Tennis, you kick the football-sized tennis ball over a net and use football skills to beat your opponents!

## The story of Kickit

Kickit is a sports company Head Quartered in Chicago, USA that has put a football-inspired twist on an ancient game and brought it to the modern world. Designed with

professional football players for maximum functionality. The company have developed durable variations to serve young football players as they have found it can help improve their coordination.

## How to play?

Teams can be 1 vs 1 or 2 vs 2. To serve, the ball must bounce 1x on the receiving side before play begins. To return, use up to 3 touches to get it back over. No hands allowed. "You can use your chest, tights, feet and head." It doesn't have to bounce after the serve. Score 21 points to win a game! Best 2/3 games wins the match.

## What makes Kickit Unique?

It takes 30 seconds to set up and the included football is specially designed with a softer outer shell that's easier to control and fun for anyone to play. Players can customize the game to their skill level. By combining the air-gripping technology with the preferred inflation pressure you can tailor the game for whoever wants to play.

*“Football players like Scott McTominay, Junior Stanislas and Robbie Fowler are already loving Kickit!”*

## Kickit Football Tennis

### Features:

- 1x Kickit Football Tennis Game Set
- Includes: 1x Net, 1x Football, 1x Pump, 1x Gear bag

# Aerobie

Aerobie is a leading brand of outdoor flying discs and sports toys sold through distributors in over 35 countries around the world. The unique patented designs and exceptional performance of Aerobie products are widely recognized. See what Aerobie's international reputation and award winning product line can do for you.

## What is Aerobie?

Aerobie is a Californian company based in Palo Alto. An Aerobie is a flying ring used in a manner similar to a flying disc (Frisbee), for recreational catches between two or more individuals. Designed in 1984 by Stanford engineering lecturer Alan Adler. "Aerobie" also refers to other throwing products made by Aerobie. The Aerobie sport toys are famous for their high performance standards. Soft edges, extreme precision and unbelievable throwing distances are the touchstones of the Aerobie range.

## How to play

You know how to throw a classic Frisbee? Then you are already completely familiar with the Aerobie. With a swing of the whole arm from the height of your chest, it takes off straight away. If you want to influence the flight behaviour of the Sprint or Pro Ring a little more, you only need to bend it a little. Of course, you have to decide for yourself how much, as this factor is very individual. It doesn't matter whether you throw with your right or left hand; the ring will do it all.

The ring must be thrown above shoulder level and the first player to have 11 points wins.

*"With a swing of the whole arm from the height of your chest, it takes off straight away."*

### What makes Aerobie Unique?

Aerobie products have been prominently featured on national television and in the press and have been singled out for numerous design and performance awards. The Aerobie was used to set two former world records for thrown objects. Most notably, the Aerobie Pro flying ring set the Guinness World Record for the farthest throw - it flew an incredible 1,333 feet (406 meters). All Aerobie brand products are made under strict quality

standards. Aerobie is perfect for play in backyards, parks, playgrounds, beaches, and on camping trips.

### Are you curious and excited?

Then please contact us for more information: +31 (0)55 30 303 980. We will be happy to help you get Aerobie into your store and empower you to sell. Orders can be placed directly at:

[orders@brookline.nl](mailto:orders@brookline.nl)

\* Aerobie is not available in Germany, Austria and Switzerland.

## Aerobie Sprint Ring (frisbee)

The Aerobie Sprint Ring, a compact version of the Aerobie Pro ring which was used to set a Guinness World Record, flies twice as far as regular Frisbee discs for truly awesome games of catch. It is ideal for those who enjoy the incredible flying performance of Aerobie rings but have younger participants or a smaller area for play. The proprietary aerodynamic design makes it easy for players of all skill levels to throw accurately, resulting in fun for everyone. Also the ring's rubber edge makes it soft to catch. Available in assorted colors.

### Features:

- Flies twice as far as conventional flying discs.
- Has a diameter of 10 inches and a weight of 3,5 oz.
- Rubber edges for soft catches.
- Aerodynamic design makes it easy to throw well.
- Does not float in water.

## Aerobie Pro Ring

The thin design of this 14-inch flying ring allows the disc to travel longer distances and features soft edges for comfortable catches. The open center allows each player to personalize their throwing and catching style – catch the edge with your hand or use the center to catch it with your arm or foot. The Aerobie Pro Ring measures 13 inches in diameter and a weight of 3,88 oz. Available in assorted colors.

### Features:

- Delivers long-distance, more accurate throws; soft edges are easy to throw and soft to catch.
- Incredible easy throws: the Aerobie Pro Ring will glide through the air with complete ease, making it simple for anyone to master amazing throws for thrilling games of catch.
- Fun for the whole family: perfect activity for parties, playdates, and family time at the park; great for kids to adults and all ages in between.
- This disc does not float in water.

### Aerobie Pro Blade

Pro Blades are easier and more comfortable to catch because of their easy to hold ring-like shape. The throw ring's open center provides players with the ability to experiment customizing their throwing and catching styles and create their own fun outdoor games to play with family and friends. This Pro Blade comes in the color purple, measures 14" x 10.5", and is recommended for ages five and up.

#### Features:

- Designed with self-leveling technology that levels the ring as it rotates in the air, making these the easiest rings to throw in a straight line and catch for both right and left-handed throwers.
- Easy to hold ring-like shape provides comfortable and easy catching during play.

#### Specifications

# Sales Display

We have specially developed displays to boost sales by catching your customers' eyes. The design grabs your customer's attention, arouses their curiosity and tells them all they need to know while considering a purchase. Did you know that on average, sales will triple with a display? Set up the display in front of the store and you will have guaranteed success!

## Triple your sales with this eye-catching display

The display is highly functional. That's because it is designed to hold multiple sets. Consequently, you don't have to use up any extra space. The sets can be neatly stacked on top of each other in the display. In addition, the display incorporates an LED screen mounted at eye level so we can immediately show your customers what it is all about. Above all, it demonstrates why the games are such tremendous fun and a real must-have. Experience has taught us that they really do work. Seeing people play makes others want to join in and boost your sales!

## Special offer: free sales display

Did you know that we are running a special promotion to provide you with a free display? Please get in touch with us for more details: +31 (0)55 3030 980. Orders can be placed directly at:

[orders@brookline.nl](mailto:orders@brookline.nl)

*Boost your sales  
by catching your  
customer's eyes!*

# Five tips to boost sales of Funsports

We value the partnerships we've built with our resellers. As such, our services do not end with the delivery of Funsports products. We can help you fill your shelves and support you in making sure our products fly off them again! How? Well, we have five tips for you.

## Tip 1: Use an eye-catching display fitted with a monitor

We've developed special sales displays. They are brightly coloured with action photos and feature a built-in 10-inch monitor showing videos that draw consumers in. Experience has taught us that they really do work. Seeing people play makes others want to join in! The videos demonstrate how our Funsports are played and, of course, how much enjoyment they create!

## Tip 2: Use our Marketing Kit

We've developed a Marketing Kit for all of our Funsports brands. It contains full details of the products. In it you'll find not only product specifications but also logos and guidelines on how to use them. What makes the Marketing Kit especially worthwhile are the professional photos and videos that we have included. All stock photography is copyright-free and can be used in any way deemed useful for your own promotional campaign! If there's something else that you'd find useful and think we should include in the kit, please contact us.

## Tip 3: Select a custom promotion

Our marketing team has grown. This creates even greater opportunities for setting up custom-made advertising to help you sell Brookline Funsports products. We have already done this for companies such as DAKA, GO Sport France and Sport24 of Denmark. What possibilities are available? Lots! From posters for your shop(s) to online campaigns, product demonstrations, photography and films.

*"Did you know that we are running a special promotion to provide you with a free display?"*

## Tip 4: Raise your social media profile

Social media offers a wealth of opportunities for your company, such as driving your brand awareness. And, of course, it is an additional sales channel too. This applies to retailers large and small. It's all about reaching the relevant target audience and it's worth remembering that your reach isn't necessarily indicated by your number of followers. In other words, even with a relatively small number of followers, you can achieve success through your social media channels!

Let FunSports fans share their experiences of playing. Share videos of people playing FunSports, shout about interesting promotions, explain why FunSports are so popular, show where FunSports such as Spikeball, KanJam, YOU.FO and CROSSNET can be played, focus on key dates and capitalise on current issues. It could be as simple as responding to the weather forecast. When the weather is nice, people want to get outside and have fun, and you can make that work for you. You can see why the images we provide in our Marketing Kit will come in very handy!

### Tip 5: Be consistent

Brookline is the Home of FunSports. Our love of FunSports is reflected in everything we do. You may have noticed that we are promoting the 'disconnect to reconnect' principle. We will only be able to reap the rewards if our communications are consistent. As a reseller, this applies to you too. So make sure your message is consistent. What do you stand for as a retailer, what does the supply chain to which you belong stand for and how do Brookline FunSports fit in? At Brookline, for instance, we make sure that everything we share radiates fun and the fact that we focus on bringing people together. If this still sounds a little like sorcery, then we will be happy to explain how you can easily achieve it.

*"Are you following Brookline yet? You can find us on LinkedIn and Instagram. Make it easy for yourself and share our content."*

### Questions or ideas?

If you have a specific question or if you would like to share ideas on how you can boost sales of FunSports, then we are here to help!
